The Seasons Community

Volume 3, Issue 2

OCTOBER 2012

## MANAGEMENT MESSAGE

Dear Customer,

Greetings from the Seasons Community!

Welcome to another edition of our newsletter, wherein we bring you construction updates and project completion activities of the Autumn and Summer Clusters of the Seasons Community Project.

We are delighted to inform you that we are at the final stage of completing the project and we look forward to welcoming you to your new Home at the Seasons Community in the weeks to come! Please accept our sincere appreciation for your continued support to the Seasons Community Project.

**Soon, you will be receiving a letter to prepare and guide you for the pre-inspection and handover process of your units.**

## CONSTRUCTION UPDATES OF THE SEASONS COMMUNITY

### AUTUMN CLUSTER-WITH RETAIL / WITHOUT RETAIL & TOWNHOUSES

Construction activities are almost complete. Civil works and Mechanical, Electrical and Plumbing (MEP) works are almost done. Testing for the units are ongoing, external side walk is under Nakheel scope and is currently under process. DEWA and DU inspection approvals have been received and we are in the process of obtaining the approval of Environment, Health and Safety (EHS) NOC for Building Completion Certificate.

*Visit our website for more construction images and Consultant Completion Certificates.*

### SUMMER CLUSTER-WITH RETAIL / WITHOUT RETAIL & TOWNHOUSES

Construction activities are complete. Civil works and MEP works are done. Testing, de-snagging for the units and common areas are done as well as the external side walk. DEWA, DU, and EHS NOC for Building Completion Certificate approvals have been received. Building commissioning will start as soon as the temporary DEWA connection has been completed in order to obtain the final Building Completion Certificate.

*Visit our website for more construction images and Consultant Completion Certificates.*
