SEASONS DEVELOPMENT

Volume 1, Part 1

FEBRUARY 2014

### MANAGEMENT MESSAGE

Greetings from the Seasons Community!

We have experienced a number of challenges during the last few years while constructing the Seasons Community which caused delays to construction activities. However, we are excited to announce the successful completion of the Seasons Community project- Autumn and Summer Clusters. This significant achievement was made possible through close partnership with our buyers and our commitment to complete the project. The Autumn Cluster consists of 377 residential units, 46 townhouses, and 6 retail stores. We are at an advanced stage of handing over units to our buyers, and expect the completion in the upcoming weeks.

### MANAGEMENT MESSAGE

Greetings from the Seasons Community!

We have experienced a number of challenges during the last few years while constructing the Seasons which caused delays to construction activities. However, we are excited to announce the successful completion of the Seasons Community project- Autumn and Summer Clusters. This significant achievement was made possible through close partnership with our buyers and our commitment to complete the project. The Summer Cluster consists of 300 residential units, 37 townhouses, and 7 retail stores. We are at an advanced stage of handing over units to our buyers, and expect the completion in the upcoming weeks.
